

GRANT COACHING

Sometimes you need a little help to figure out the right approach for a grant.

After all, the right strategy not only saves you a lot of time but positions you for success. When you're unsure, it's handy to have a grant expert at the ready to make sure your ideas are sound and a good fit for the foundation you're considering.

With an experienced Grant Coach by your side, you can stop second-guessing yourself, stop chasing unproductive grant opportunities, and start submitting the best possible grants.

HERE'S HOW IT WORKS

Through Grant Coaching, you'll build your skill and confidence through regular sessions where you can:

- **Strategize grant requests** to make sure they match the foundation's interests and requirements
- **Get input and feedback** during the planning stages, before you start working on grant proposals, applications, and letters of inquiry
- **Create processes** to make sure you can successfully manage grants once you win them (this is critical early on!)
- Learn how to create **impactful grant reporting**
- **Develop strong funder relations**, including developing talking points for introductions and plans to nurture and cultivate long-term partnerships with key individuals
- **Ask the questions** that keep you awake at night!

WHAT YOU GET

Here's what you'll get when you sign up for grant coaching with Get Fully Funded:

- ✓ **In-depth assessment.** We'll look at the grant opportunities you're applying for and ones you're interested in to find your low-hanging fruit.
- ✓ **Regular 1-on-1 sessions.** Multiple times each month, you'll have the chance to chat with your Grant Coach about grants in progress and opportunities on the horizon. In between sessions, you'll have email support to get the niggling questions answered.

- ✓ **Grant calendar and tracking tools.** Once we understand your programs and your goals, we'll help you draft a grant calendar to keep up with submission deadlines and a grant management plan for monitoring metrics, reporting, and other necessary details.
- ✓ **Implementation support.** As you journey through the world of grants, we'll be right beside you to guide you and answer questions. You'll always have someone to help and guide you as you write and submit grants.
- ✓ **Peace of mind.** You'll never again have to wonder if you're doing it right, missing an opportunity, or asking for the wrong amount in your grant.

READY FOR NEXT STEPS?

Because of the depth of the service we provide, we have limited spots for grant coaching clients. If you'd like to move forward, here's what your next steps look like:

- Have an **initial consultation** with one of our grant writers to make sure this program is a good fit for you.
- We'll send you a **link to register** and add your payment information. Depending on the state you're in, we may also draft a short **work agreement** and send to you for your review and signature.
- Once we get that's done, we'll send you an **in-depth assessment** to complete and return. This helps us understand more about your nonprofit.
