

## GRANT RESEARCH SERVICES

Grant funding is a key part of fully funding your nonprofit's budget through diverse revenue streams.

Here at Get Fully Funded, we like to make sure you get **all** the grant money you can. That's one reason we offer grant research services.

Using tools like the Foundation Directory Online's searchable database and some other tools and tricks we know, we scour the world of private and corporate foundations to find the best opportunities for your nonprofit.

### WHAT YOU GET

We'll do the heavy lifting for you, to turn over rocks and see what opportunities are out there for you. Once we're finished, we'll give you a detailed, written research report containing the pertinent information like:

- ✓ List of **HOT prospects** that you have a good shot at getting a grant from. This is not just a "warm" list of "maybes," but a list that we have looked deeply into and feel confident that you have a good shot at based on your mission, your needs, and your geographic location.
- ✓ **Contact info** for each foundation.
- ✓ **Details** for each foundation, including their philanthropic focus, application procedures, and key personnel and/or Board members.
- ✓ Our **specific recommendation** for how much you should ask for based on what else they've funded.
- ✓ **Deadlines** you need to know about like grant due dates, foundation Board meetings, and other pertinent dates for the coming year.

### HOW IT WORKS

After you sign up, you'll receive a questionnaire to complete to give us an idea of your programs, projects, and wish list for funding. Then we'll hit the research to see what we can find for you. Once our research is complete, we'll prepare your customized report then schedule a virtual call to go over the report with you to give you any additional insight or special recommendations.

You'll get the scoop on your new opportunities and get a chance to ask questions. We can strategize your best opportunities so you're clear about your next steps of who to approach and what to ask for.

You'll receive your customized report digitally so that you can refer to it again and again or share with others in your organization.

### YOUR INVESTMENT

Our fee for grant research is \$1,500. We ask for a \$300 deposit before we begin. The balance is due upon receipt of your research report.

It's a simple and wise investment into the future of your organization, and really smart if you feel certain there are grants out there for you...but don't have time to go find them!

### OUR GRANT EXPERTS

Our team of seasoned grant professionals have decades of experience in researching, writing, and getting grants for all sorts of nonprofit causes across the U.S. They've secured millions in funding for both large and small nonprofits and understand the unique challenges facing each.

Plus, they've served on grant review panels and know what funders are looking for in a successful grant proposal!

### GUARANTEE

We can't guarantee that we'll find grant opportunities for you, but chances are high that we can. Typically, we find about 14 good potential foundation matches for the nonprofits we research for. At a minimum, you'll know what's out there for you and no longer have to wonder.

If you use the information we give you, you'll likely recoup your money (and much more!) within the year.

### READY FOR NEXT STEPS?

As you can imagine, our schedule stays pretty full. We have only a few openings each month, and they tend to go fast. If you'd like to move forward, here's what your next steps look like:

- We'll draft a **short work agreement** and send to you for your review and signature.
- Once we get that back, we'll send you a **questionnaire** along with a list of things we need from you (wish list, program descriptions, etc.) and an invoice for your **deposit**.
- Then we'll **get started** with your research!

Anything else you'd like to know? Email our Chief Operations Officer, Leah Holt, at [Leah@GetFullyFunded.com](mailto:Leah@GetFullyFunded.com).

## GRANT WRITING + STRATEGY

Grants can be a terrific way to fund programs, projects, and equipment.

The key is to find foundations with interests that match your mission. It's not always easy to find and get grants, and we're here to help with that. We can significantly increase your chances of winning grants and gathering and submitting info so you don't have to worry about it.

### HERE'S HOW IT WORKS

We start by utilizing the in-depth research we did for you to create your **Deadline Calendar** so that we get them written well and submitted on time.

We'll help you gather all the information needed and put it in the foundation's format. Plus, we'll make sure all your supporting documents are grant-ready so you'll never be scrambling to pull something together.

We don't just write grants – **we help you plan for success**. We'll coach you through the right approach for each grant to make sure you're putting yourself in alignment with the foundation's interests.

You won't have to worry about missing grant opportunities. With our help, your grants will be ready well ahead of time so you can put your best foot forward to get all the grant money you can.

### WHAT YOU GET

- **Help deciding the best way to frame your request** for each grant opportunity
- **Expertly crafted grant requests** that maximize your probability of securing funding
- **Weekly check-in** call with progress updates
- **Final approval** on every grant before it's submitted and a **digital copy** for your records
- **1 or 2 grants** submitted each month (we value quality over quantity)

## RESULTS

Over the years, we've gotten many grants for our clients, bringing them tens of thousands of dollars for operations, special projects, equipment/supplies, and capital needs.

Our success in getting grants is largely dependent on you: *the quality of the information you provide us will ultimately be the determining factor in the strength of the proposal.*

We can't guarantee we can get grants for you. But we **can** guarantee that we can put you in a strong position for success. There are many factors at play, including the foundation's interests, the amount of money they have to give, your history of program success, and our ability to tell your story in both words and numbers.

## YOUR INVESTMENT

Our fee for grant writing depends on the amount of support you need:

<ul style="list-style-type: none"><li>• At least 1 grant submitted per month</li><li>• 2 calls between client and grant writer per month</li></ul>	<b>\$1,350 per month</b>
<ul style="list-style-type: none"><li>• 2 or more grants submitted per month (depending on complexity)</li><li>• 3-4 calls between client and grant writer per month</li></ul>	<b>\$2,200 per month</b>

*We require a 12-month commitment so we can write a full year's worth of grants for you.*

It's a simple and wise investment into the future of your organization. And it's a really smart choice if you feel certain there are grants out there for you, but don't have time to go get them!

## ABOUT OUR GRANT EXPERTS

Our team of seasoned grant professionals have decades of experience in researching, writing, and getting grants for all sorts of nonprofit causes across the U.S. They've secured millions in funding for both large and small nonprofits and understand the unique challenges facing each. Plus, they've served on grant review panels and know what funders are looking for!

## READY FOR NEXT STEPS?

Because of the depth of the service we provide, we have limited spots for grant writing clients. If you'd like to move forward, here's what your next steps look like:

- We'll draft a short **work agreement** and send to you for your review and signature.
- Once we get that back, we'll send you a **questionnaire** along with a list of things we need from you (budgets, program descriptions, etc.).
- We'll also send you an **invoice** (we take checks and all major credit cards) for the first month's payment.
